Our Innovative Solution

01

Education

Didesain khusus untuk ruang kelas, Seri ICE Board E menawarkan layar interaktif besar yang berfungsi sebagai papan tulis digital, memungkinkan guru dan siswa berkolaborasi dengan lancar. Layar sentuh resolusi tinggi memungkinkan interaksi sentuh yang halus dan tepat, membuat pelajaran lebih interaktif dan mendalam. Dengan perangkat Digital Teaching Station dan Digital Podium, kegiatan belajar mengajar pun menjadi lebih interaktif dan menarik.

Our Innovative Solution

01

Education

Designed specifically for classrooms, the ICE Board E Series offers a large interactive display that serves as a digital whiteboard, allowing teachers and students to collaborate seamlessly. Its high-resolution touch screen enables smooth and precise touch interactions, making lessons more interactive and immersive. With Digital Teaching Station and Digital Podium device, teaching and learning activities become more interactive and engaging.

Our Innovative Solution

02
Retail

Solusi Retail dari InnoGRAPH merupakan solusi untuk memberikan media informasi dan promosi produk dengan teknologi terkini di segala aspek bidang retail. Termasuk *F&B, shopping mall, retail store, department store* dan kantor cabang serta kebutuhan lainnya.

Our Innovative Solution

02

Retail

Retail Solution from InnoGRAPH is a solution to provide information and product promotion media using the latest technology in all aspects of the retail field. This includes F&B, shopping malls, retail stores, department stores, branch offices, and other needs.

Our Innovative Solution

03

Government

Banyak kantor pemerintahan yang mulai mengadaptasi beberapa teknologi terkini untuk media-media informasi mereka. Melalui Lembaga Kebijakan Pengadaan Barang/Jasa Pemerintah (LKPP), kami berusaha menjangkau organisasi-organisasi pemerintah tersebut. Berbagai produk kami telah menjadi solusi jitu seperti Interactive Flat panel, Digital Kiosk, Digital Floorstand dan sebagainya.
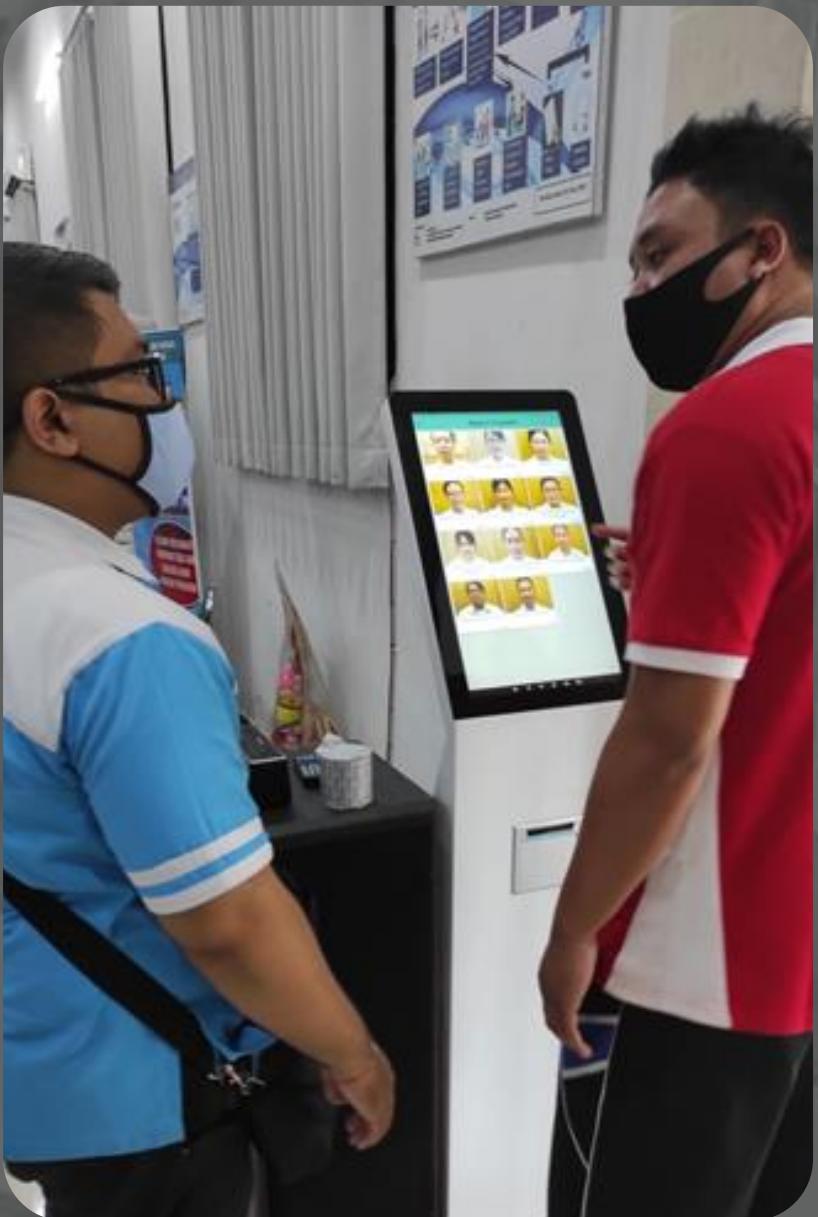

Our Innovative Solution

03

Government

Many government offices are beginning to adopt various modern technologies for their information media. Through the Government Procurement Policy Agency (LKPP), we strive to reach out to these government organizations. Our various products have proven to be effective solutions, such as Interactive Flat Panels, Digital Kiosks, Digital Floorstands, and more.

Our Innovative Solution

03
TKDN

Kami turut mendukung program pemerintah dalam upaya meningkatkan produksi dan pergerakan industri dalam negeri. Hal ini di wujudkan dengan melakukan sertifikasi tingkat komponen dalam negeri (TKDN) untuk sejumlah produk-produk unggulan. Dengan adanya sertifikasi ini kami berharap produk-produk kami dapat meningkatkan persaingan bisnis dan memajukan industri nasional.

Our Innovative Solution

04
TKDN

We also support the government's program to boost domestic production and industrial movement. This is realized by obtaining Domestic Component Level Certification (TKDN) for a number of flagship products. With this certification, we hope our products can enhance business competitiveness and contribute to the advancement of the national industry.

Our Innovative Solution

05
Medical

Kami mengkhususkan diri dalam menyediakan solusi digital signage terkini yang dirancang khusus untuk memenuhi kebutuhan spesifik fasilitas medis semisal rumah sakit, jaringan klinik maupun laboratorium medis. Kami juga meningkatkan pengalaman pasien maupun pengunjung dengan menyederhanakan proses informasi dan komunikasi menggunakan digital self service kiosk, dan meningkatkan efisiensi dengan solusi mutakhir kami.

Our Innovative Solution

05

Medical

We specialize in providing cutting-edge digital signage solutions specifically designed to meet the specific needs of medical facilities such as hospitals, clinic networks, and medical laboratories. We also enhance the experience of patients and visitors by simplifying information and communication processes using digital self-service kiosks and improve efficiency with our state-of-the-art solutions.
